

Ayers Wall Lamp

Marco Piva, 2005

The Ayers Wall Lamp is designed with clean lines that create an impact. Designed by Marco Piva in 2005, its handblown diffuser is made of multiple layers of glass to create a rich, white look. This traditional Murano hand-blown glass technique is called *incamiciato* (Italian for "jacketed" or "layered"), which requires multiple layers of glass during the blowing process to create perfect diffusion. The final layer of glass is a stunning gloss that adds depth and dimension to the lamp.

Diffuser Options: Gloss White

Structure Options: Chrome

Dimensions:

Width: 15in/38cm
Depth: 7.5in/19cm
Height: 7.9in/20cm

Weights

Item: 4.6lbs
Gross: 6.2lbs
Parcels: 1
Volume: 1.5

E26 Socket

Recommended Bulb: 2x E26 10W
Retrofit LED Bulb or 2x E26 100W
Incandescent or Halogen Bulb

Dimming Protocol: Phase Cut

Voltage: 120 V

SKUs: 0003803

Made in Italy
